

Curriculum Development Statement

We set out to assist all children attending nursery to attain their maximum potential within their perceived capabilities. An individual record of each child's development is maintained, showing their abilities, progress rate and areas needing further staff assistance.

The staff are very aware of the importance of the correct play environment for the child, so they may develop good social skills and an appreciation of all aspects of this country's multi-cultural society. Planning of the learning experience by the staff is further designed to ensure, as far as practical, equality of opportunity between all children.

We promote the relevant frameworks and curriculum set by the DfES to support and enhance children's learning and development holistically. We develop a tailor made curriculum according to individual needs, which is based on observation to inform planning and draws on children's needs and interests.
